Dear Sir/Madam,

My family and I strongly oppose this, because this will result in lower quality healthcare for Australians. Managed care is the predominant funding model in the United States and represents the most expensive healthcare system with poorer outcomes than Australian patients currently enjoy.

We are concerned that this proposal:

- Increases the power and influence of large for-profit corporations and the funding and delivery of healthcare in Australia
- Gives control of healthcare standards to commercial interests
- Damages the foundations of Australia's world-class healthcare system
- Will erode the right of Australians to their choice of doctor and their access to procedures and hospitals
- Ultimately, that it will steal from the sanctity of the doctor-patient relationship and dictate how and where patients will be treated.

We respectfully request that this plan be terminated immediately.

Sincerely,
Chuanmei Xu
