Dear Sir/Madam

I refer to the recent decision on 21 May 2021 by the ACCC to issue a draft determination to authorise Honeysuckle Health (Cigna/nib health funds) to form a health services buying group.

I am horrified by this proposal to allow US based corporations with international shareholders to introduce managed care (including deciding who treats you, what medications you can receive, and what tests or procedures you can access based on your health cover).

I wish to lodge an objection to this proposal. Could you please advise how my objection will be tabled.

Yours sincerely
